INVESTIGATING HAZING OF KINGDON GOULD. New York, Dec. 22.—Dean Frederick H. Hutton of the school of applied science at Columbia university, who has been ordered by President Butler to investigate the hazing of Kingdon Gould, on Tuesday, had a long conference today with the students in the party that caused young Gould down Broadway when he fired a revolver over their heads. The men were A. J. Heilinger, president of the science sophomores; W. Bailey, O. K. Doty, R. W. Cauchois and F. L. Age.

HEALTHY PLANTS Require the Most Careful Attention as Well as Good Soil. Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth? A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect. You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc. You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

RED CLOUD SURRENDERS. Noted Chief Agrees to Accept Land in Severalty. Washington, Dec. 22.—The Indian bureau has been notified that Chief Red Cloud of Pine Ridge agency has agreed to accept an allotment of land. He heretofore has held out persistently in opposition to allotment and his position has had a marked influence on the other Indians. Gov. Brady's Report. Estimates Alaska's White Population at 26,000.

GOV. BRADY'S REPORT. Estimates Alaska's White Population at 26,000. Washington, Dec. 22.—The annual report of the governor of Alaska, John G. Brady, made public at the interior department today, estimates the total white population of that district at 26,000, with possibly a small increase in the native population since the 1900 census, which made the total number of natives 23,538. The report says that this estimate for the whites will disprove those who have steadily maintained that the number is more than five times the figure given. No marked change has occurred in the native population. The Aleuts have decreased some, the Eskimos on the Yukon delta and the northward have probably held their own since their affliction four years ago, and the Thlingits, Hyaps and Tsimshians of southeastern Alaska are adjusting themselves rapidly to civilized life and are mostly a vigorous people.

OVERCOME BY COAL GAS. Twenty-Seven People Are Saved From Death by Two Policemen. Philadelphia, Dec. 22.—Twenty-seven persons, most of them women and children, were overcome by coal gas in a crowded tenement at 211 Monroe street, in the foreign settlement of this city, early this morning. Twelve of them were in such a serious condition that they had to be taken to a hospital, but it is believed they will recover. The lower part of the tenement was occupied by a Turkish bath establishment and the gas escaped from a large furnace used in the bath. There were more than a hundred persons in the upper part of the building, most of them being Russian Jews. That no lives were lost was due to two policemen, who, in passing the building, detected the gas and immediately began rousing the sleeping occupants. Many of them were unconscious and had to be carried from the place.

Cleveland, O., Dec. 22.—Dr. Leroy S. Chadwick and his wife, Mrs. Cassie L. Chadwick were jointly indicted by the county grand jury this afternoon on a charge of having forged and uttered a \$5,000,000 note signed Andrew Carnegie.

Dr. Chadwick is now on his way to New York from Paris, and is expected to land next Wednesday. As soon as the indictment was returned Sheriff Barry of this county made arrangements to secure Dr. Chadwick's extradition. He will meet the steamer on its arrival. This is the third time that Mrs. Chadwick has been indicted by the county grand jury, but it is the first instance of her husband's name appearing in legal proceedings in the case. The indictments already returned against Mrs. Chadwick are similar to the one voted today except that they cover notes of \$250,000 and \$50,000 signed Andrew Carnegie.

There are many things which Dr. Chadwick will have to explain, and I hope he will do so," said Prosecutor Keefer this afternoon. "Dr. and Mrs. Chadwick may be tried on the indictment separately or together. Each has a right to trial singly if it is desired. The Chadwick investigation, so far as this jury is concerned, is ended, but I cannot say that this concludes our inquiry into the matter. It is possible that there may be other developments."

The grand jury has spent more than two weeks in its investigation of the Chadwick affair. Mrs. Chadwick was in better health today than she has been for some time. Her only visitors are her attorneys and occasionally her son Earl Hoover. Sheriff Barry has allowed him to see her, contrary to jail rules. Nathan Loeber, receiver for the Chadwick property, who is trying to locate assets for the benefit of creditors, said today that he had obtained information concerning the whereabouts of the trunk and watch belonging to Mrs. Chadwick and which were taken from the Holland House in New York during her stay there. He expects to recover them, but does not know if they contain valuables.

MORE TROUBLE FOR CHADWICK. Boston, Dec. 22.—On behalf of Herbert D. Newton, it was authoritatively stated tonight that civil proceedings would be instituted against Dr. Leroy S. Chadwick upon the latter's return to this country. The action will be brought for the recovery of a paper given by Dr. Chadwick to Mr. Newton, and having a face value of \$50,000. Mr. Newton has cabled to Southampton and satisfied himself that Dr. Chadwick is a passenger on the Hamburg-American liner Pretoria, which has sailed for New York.

THE DOLBEER WILL. Sustained by Jury in Judge Coffey's Court. San Francisco, Dec. 22.—The will of Miss Bertha M. Dolbeer, who was killed from an upper floor of the Waldorf-Astoria hotel in New York, was today sustained by a jury in Judge Coffey's department of the superior court. In the will, which was contested by her near relatives, Miss Dolbeer gave the greater part of her million-dollar estate to her friend and traveling companion, Miss Etta M. Warren. The jury was out only 14 minutes. As soon as the verdict was read the attorneys for the contestants presented papers preliminary to an appeal to the supreme court, which action will be decided by the will for several months at least.

For the first time during the proceedings the appraised valuation of Miss Dolbeer's estate was today made public. It is stated to amount to \$21,000,000. After the verdict was rendered the attorneys for William H. Mugan and George D. Gray, the executors of the estate, took steps to prove the will. Judge Gray was placed on the stand and identified the document. After court adjourned Miss Warren was surrounded by a number of friends who congratulated her upon her good fortune.

WILL EXECUTE CHINESE. Those Found Cutting Japanese Communication. General Oka's Headquarters, Dec. 21. Naniwa (Via Fusan, Dec. 22)—It is believed by the Japanese that the Russians are employing Chinese to damage the Japanese lines of communication and they have no doubt that Chinese were employed by the Russians to enter the magazines at Liao Yang. The Japanese say that if they arrest any Chinese engaged in so fulfilling their obligations to their employers they will execute them as a warning to other Chinese against a repetition of the offense.

The Japanese believe that heroic measures are required to wipe out the Russian system of employing Chinese for such work. They say they know that the Russians are spending enormous sums for this purpose.

A Japanese supply train north of Liao Yang yesterday struck three Chinese carts which obstructed the track, the horses having died of loss. The Japanese believe that the drivers of these carts were in the pay of the Russians. The track was not injured, but traffic was delayed for a few hours.

Officials of the intelligence department are using every effort to discover the perpetrators of this and similar acts.

WILD RUSH FOR SHORE. Deutschland's Passengers Frantic To Leave Vessel. New York, Dec. 22.—There was a wild rush for shore among the 150 cabin passengers when the gang plank of the great liner Deutschland was lowered at her pier in Hoboken early today. Among the travelers were many from the west and south anxious to get the earliest train today for their homes to spend Christmas. It was to permit that the vessel was brought up to the pier and passed at quarantine in the night—an extremely unusual event at this port.

Men and women struggled together,

and though they knew that there was at least an hour's wait on the pier for the baggage inspection, every one seemed imbued with the one idea of getting ashore first. Women's dresses were torn and many men lost their hats. Half a dozen men in the front were sent sprawling when they gained the pier by the rush of the crowd behind them.

Reduced Suez Canal Rates. London, Dec. 22.—The Standard announces that the English directors of

the Suez Canal company are confident that rates will be reduced in 1905 by 10 cents per ton, making the charge \$1.60.

Whether the announcement of the action taken today by the faculty, which was promised for tomorrow morning, will be withheld until after the conference with the student board, was not stated.

Eleanor Robinson Arrives. New York, Dec. 22.—Miss Eleanor Robinson, who has just completed a long canoe trip, has arrived in New York.
